AS STRONG FOR COBB. Mrs. A. Louisa Frank, Editor El Paso Herald: I wish to say that I am acutely interested in the success of Mr. Cobb in the race for congress and have been writing many letters to friends in various parts of the big district. I have the honor of encouragement and acquaintance with both the candidates for congress and know well the value of Mr. Cobb's record in the past. I have been a large majority. I would suggest a very free distribution of his letters to Jack Love, of Pecos; it is absolutely conclusive and unanswerable and at the same time very courteous to Mr. Hudspeeth. Then let Cobb thrill his acquaintances with patriotic allusions to President Wilson and the great objects of the war. I will write Mr. Cobb and will try to meet him at some of his speaking engagements.

Women to Help. Included in the list as published above are the names of the El Paso county women who will see to it that the names of voters of the various precincts are registered when the registry books and records are opened, and that they are thoroughly posted as to precinct lines and get to the polling places on primary day. The women not only in El Paso, but in Yuleta, Clint, Fabens, Castille and other points in the county are showing a deep interest in the campaign and are perfecting organizations to the form of women voters' precincts which will prove a real value to the newly enfranchised sex.

YOUTHFUL ELEMENTS IN BOTH PARTIES PLANNING FOR THE ELECTION. Prof. Thomas's Wife Receives Mrs. Granger Into Home; Sorry for Her.

Santa Fe, N. M., April 12.—It will be a battle of young men this year for the offices in New Mexico, according to indications. The young Republicans are said to have plans already laid for getting into the saddle over the heads of the old time bosses at the summer convention and putting out a ticket of youthful material for the approval of the voters.

The young Democrats, too, are planning to put out a ticket of young men, it is said, so the battle may be between the youthful element in each party. Rumor has it that Tom Hughes, at present warden of the state penitentiary, will be the gubernatorial nominee of the Republicans if the youthful element can control, although there is talk of Ed Utero, a nephew of the late Solomon McNary, the governorship and also for congress. The present governor, W. E. Lindsey, backed upon by the old time bosses, has the reputation of being a candidate to succeed himself and may, with the support of some of the younger element, backed by the old time bosses, and the nomination if he goes after it. The heads of the youngsters in the Republican party for governor, a lot of other youngsters of influence, Lorenzo Delgado, of San Miguel, is mentioned on the list for lieutenant governor; Ed. Coard, present secretary of the corporation commission, for corporation commissioner; and Theodore Bonault, jr., present game and fish warden, for state land commissioner. The young Democrats, on the other hand, would give the southern part of the state representation and has made a splendid record in the office of fish and game warden. If Senator A. B. Fall is not a candidate for reelection, it is said, Judge Hallett Reynolds, of Santa Fe, son of Joshua Reynolds, and brother of James G. McNary, of El Paso, will be the unanimous choice of the Republicans. Some do not believe Judge Fall will run again, some have brought back reports from Washington that he will not be a candidate. On the Democratic side it is said representative "Billie" Walton will be the nominee for the senate, against any man the Republicans put out. H. L. Hall, state treasurer, is being spoken of as the possible Democratic nominee for governor, and Antonio Lopez, secretary of state, possibly the Democratic nominee to succeed Mr. Walton in congress.
